*FELLOW FALCONS AND FRIENDS:*

*We shall attempt to present to you a history of four wonderful years in a family of which we shall eternally be a part. We submit this message to you in illustrations and through the written word.*

*To our teachers, we say "thank you." They have been mothers and fathers to us — sparing the rod and not spoiling the child. To our Administration, we shall remember the goal you have inspired us to attain. To our young Falcons, the torch is now passed to you; build your Alma Mater. We will do our utmost to set a good example for you in the busy world ahead. We ask only that you improve where we have failed, and that you build upon the good in the foundation which we have built.*

*It is with mingled sorrow and joy that we leave you, our Saint Augustine's Family — sorrow because of the four years of family unity; joy because we shall employ those talents which you have given us.*

*So farewell, dear Alma Mater, and thank you again.*

*Sincerely yours,*

*Vernon E. McClean, Editor*

*Barbara Lewis, Co-Editor*

# DEDICATION

To you, DR. PREZELL R. ROBINSON, this Annual is sincerely dedicated. As student, professor and our Executive Dean, you have given to us your time, energy and, most important, you have given of yourself.

This dedication is a small token from us the Students, Staff and Faculty of Saint Augustine's College. The kindly smile, the warm handclasp, the friendly good mornings, all these are appreciated. Many evenings we have watched your burning light in the office, and it has inspired us to work to make Saint Augustine's a great institution of learning. Many times we have appreciated the slight frown of disapproval and the kind words of encouragement.

May God richly bless you and, in the years to come, may the pages of this book bring you many pleasant memories of the Class of 1965.

# *A Biographical Sketch*

## *The Hour Glass, . . .*

The hour glass, with its sands of time, has slowly but surely spilled its contents, and with the passing of the last sand, went the life of ANNE PEACE TOLIVER, our loved one, the daughter of Anna Peace, and the late Reverend Samuel Peace, the wife of Frank A. Toliver, and the mother of Frank A. Toliver, Jr.

She was educated at Bennett College, Greensboro, North Carolina; Clark College, Atlanta, Georgia; Pennsylvania State University; and Teachers College, Columbia University, New York.

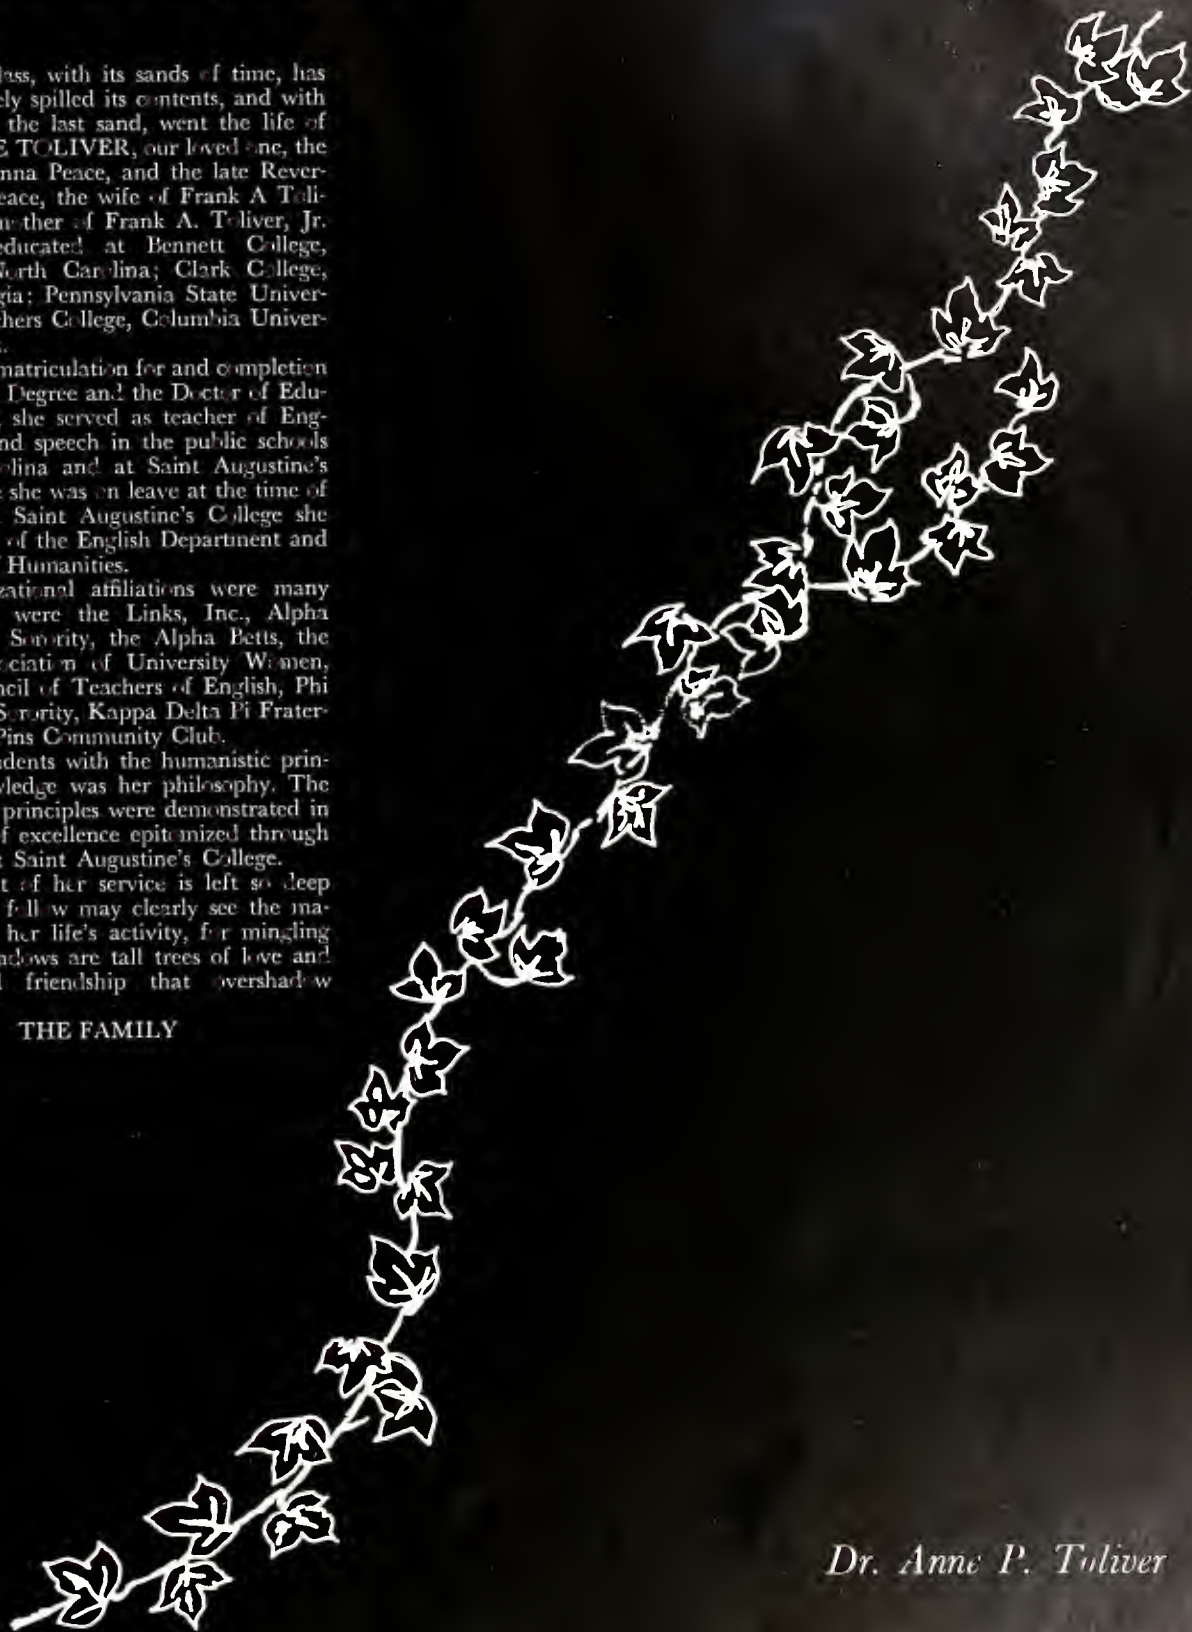

During her matriculation for and completion of the Masters Degree and the Doctor of Education Degree, she served as teacher of English, drama, and speech in the public schools of North Carolina and at Saint Augustine's College, where she was on leave at the time of her death. At Saint Augustine's College she was Chairman of the English Department and the Division of Humanities.

Her organizational affiliations were many among which were the Links, Inc., Alpha Kappa Alpha Sorority, the Alpha Betts, the American Association of University Women, National Council of Teachers of English, Phi Delta Kappa Sorority, Kappa Delta Pi Fraternity and Les Pins Community Club.

Imbuing students with the humanistic principles of knowledge was her philosophy. The spirit of these principles were demonstrated in the qualities of excellence epitomized through her services at Saint Augustine's College.

The imprint of her service is left so deep that any who follow may clearly see the material used in her life's activity, for mingling among the shadows are tall trees of love and devotion and friendship that overshadow criticism.

## *A Message from the Student Council President*

*Dear Class of 1965:*

*The class of 1931 was the first to receive the honor of being rewarded a degree for four years of study at Saint Augustine's College. Since that time many classes have joined that outgoing procession, marking the end of four successful years of undergraduate study. We have journeyed here for four years, and now many of us will position ourselves in pursuit of life, liberty and prosperity.*

*As a part of Saint Augustine's College, we depart with all that we have attained to make Her blessings known through performance and service. The thought of graduation stimulates many other thoughts and produces a vacuum of bleak emptiness. However, if life is to continue we must roll back the curtains of darkness and beam our lights upon the subjects of life to eliminate the darkness with Truth and Good.*

*The Class of 1965 realizes that the merits of our attainments here must be transmitted in our actions, obligations, and responsibilities. The challenge of progress bids us to stop and to recall momentarily the deeds of the past and to move with haste to realize the potentials of the future, for we have "a past to cherish and a future to fulfill."*

*Very truly yours,*

*Lattie Baker, Jr.  
President of the Student Council*

# A Message from the President

Saint Augustine's College  
Raleigh, North Carolina

OFFICE OF THE PRESIDENT

November 24, 1964

Dear Seniors:

As you begin to "fold your academic tents" preparatory to leaving the beautiful camp grounds of Saint Augustine's, try to remember that your sojourn here was fraught with purpose and meaning.

Your purpose has been to become prepared for the increasingly competitive society that awaits you; this purpose means that you are resolved to become a productive and contributing member of society, an asset and not a liability.

We have done our best to prepare you for the spiritual, mental, and physical demands of society; we have attempted to acquaint you with the religious, scientific, and humanistic implications of everyday life and living.

Now, the future is yours. With God's guidance, make the best of it, in His name.

Very truly yours,

A large, elegant handwritten signature in cursive script that reads "James A. Boyer".

## *Class Poem*

### OH YEARS GONE BY

Oh years gone by, will not we think  
of that first day on which the brink  
stood present for a chosen few,  
An unknown land so strange and new.

The autumn gave its best that year.  
It helped to harness pain and fear.  
That everyone could do his best,  
Became a sound and solid test.

The days and nights became a time  
When friendships blossomed as a rhyme.  
An honest smile, a helping hand  
Made life a pleasure in this land.

A classroom seen through tired eyes  
So often brought the truth to size.  
The doubt was left aside the mind  
And soon became a sight for blind.

Though many more these days will be  
We'll always need to live and see.  
In retrospect a strengthened past,  
A healthy mem'ry made to last.

A book, a light for all to keep  
To give a mind a growth so deep.  
The search, the quest for knowledge bent,  
Upon a plane of time well spent.

A laugh, a cry, a look aside;  
A failure for the one who tried.  
The distance twixt the night and day  
Found many students torn away.

We muse in happy sadness now,  
And feel a warmth upon the brow.  
Another year creates a sigh,  
Forever be . . . Oh years gone by!

# Class History

Our Four Years War began in September of 1961. Our army was made up of male and female volunteers from the United States, Panama, the Virgin Islands, and Africa. We believed strongly in the cause for which we were to fight. We were to fight for freedom from Ignorance, freedom from Inexperience, and freedom from Immaturity.

The odds were against us. Unfortunately and ironically, many of our soldiers had been enchanted by Ignorance, Inexperience, and Immaturity. The very forces we were fighting against were inside of us and a part of us. Aside from that handicap, we soon found that Tradition and Unnecessary Laws had joined the opposing forces in their brutal and savage fight against us. Nevertheless, although it was hard to tell why, we knew that we must fight and we must win.

Our main battlefield was the Saint Augustine's College Campus — beautiful with its green grass and tall trees. It became more beautiful as the months passed. The leaves on the trees turned to yellow, orange, red, and then brown; and they fell, as we sometimes did. The sound of the fallen leaves under our feet gave us a feeling of power; and although we still had to adjust ourselves to the new surroundings, we were no longer afraid. Now, with our new found confidence in ourselves, we decided to give our army a name, THE CLASS OF 1965.

Our war was fought in eight main battles; the first being the most difficult because it was the first. Many of our soldiers became discouraged, and decided that this war was not for them, but at the same time a few more volunteers joined us. The second battle passed, after which some of our soldiers decided that it was just not the proper time to fight. Some found some other of life's experiences more pleasurable and more profitable; and some just did not know enough to avoid fading away.

The third battle began in September of 1962 after most of our soldiers had enjoyed the summer sun away from the battlefield. Those who were so compelled continued the fight through some of the summer. THE CLASS OF 1965 was prepared this time, although upon arrival we found that many of our troops could not return.

During this third battle we managed to eliminate many of the troops of the *Ignorance*, *Inexperience*, and *Immaturity* armies, but we were becoming weary of war. By the beginning of the fourth battle we realized another opponent, *Misunderstanding*. Also, our own troops had decreased in

number, but the rest of us managed to struggle through that battle without too many mishaps.

Again the summer was upon us and all sides found war unbearable, so we returned to our homes realizing that the next battle would probably be more difficult than the preceding battles.

In September of 1963 we returned to "St. Aug." We expected that we would be minus some of the soldiers who previously fought so bravely, but we were pleasantly surprised to find that many new volunteers, who had just won another war or just decided to transfer, joined us. Thus we note, the gods were with us during that fifth battle. We had very few casualties and a bright spot. One of our strategists told us it would be simple to defeat *Misunderstanding* by just ignoring her, and remembering the words of Ralph Waldo Emerson: "Speak what you think now in hard words, and tomorrow speak what tomorrow thinks in hard words again, though it contradicts everything you said today. 'Ah, so you shall surely be misunderstood' . . . Pythagoras was misunderstood, and Socrates, and Jesus . . . To be great is to be misunderstood." So even though *Misunderstanding* continued to fight, she did not pose any real problem.

Then came the sixth battle, in which the remaining opposing forces got the best of us. Many of our troops had been wounded during that spring and a few of our allies. When it was over and time for our annual leave of absence, we decided that the war had been going on too long and that it was about time we ended it. We rested and enjoyed all sorts of summer activities and the comforts of home and loved ones.

Upon our return to the battlefield we were confident that it would not take more than two more battles to end this war. We fought hard and long, day and night. During the seventh and eight battles we sent some of our troops into enemy camps to see what was going on. Most of them brought back good reports: our enemies were weakening, especially *Inexperience*. As the days passed, they became weaker and weaker. And we thanked God.

The *Ignorance* and *Inexperience* armies will never be completely erased from the earth, but they have scattered and each one of us will constantly and individually have to continue to fight against them. THE CLASS OF 1965 felt that this may be good; it presents a challenge and makes life interesting. *Immaturity* admitted defeat. She will rest and multiply, to attack again at some later date, as she often does. But THE CLASS OF 1965 has done its share in eliminating some of them. Tradition just faded away. We found that some of the Unnecessary Laws were not so unnecessary, and we compromised with them.

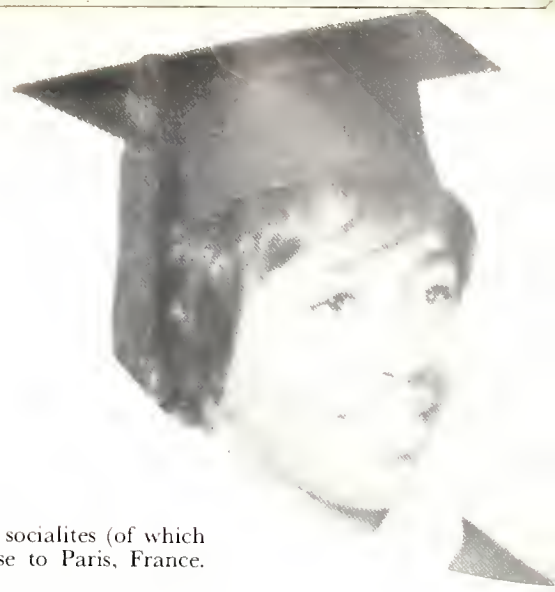

So we will sign our peace treaty on May 30, 1965 and we will leave Saint Augustine's College campus. Faithfully, we will remember all of our friends. And pressed in our books of memories will be the homecomings, lyceum programs, chapel services, dances and parties, and all other activities staged to keep up the moral of our troops. And unforgettable are those of our ranks who received the Sigma Rho Sigma, Alpha Kappa Mu, Beta Kappa Chi, Phi Kappa Alpha, Phi Alpha Theta, and Who's Who medals of honor for their outstanding achievements. And we will not bury the past too deeply, for we need it: the knowledge and experience it rendered to enable us to glory in the future.

So, aged, but strengthened by the last four years, we, THE CLASS OF 1965, call upon William Shakespeare for some appropriate words: "Good night, good night! Parting is such sweet sorrow."

# Class Prophecy

It is the year nineteen hundred seventy-five, and a group of socialites (of which I am a member) from New York City are sponsoring a cruise to Paris, France. We are to leave from the New York harbor.

On sailing day, the crowds boarded the ship with excitement and great anticipation. After I had been in my cabin for a while, I decided to go on deck and greet some of my sailing partners. Immediately, I recognized an old classmate of mine from Saint Augustine's College, Montez Anthony. She is now working on the President's Committee for "Better Physical Fitness." Working along with her are Mattie Davis, Octavius Rowe, and Thomas Hargrove. With her Committee, she has traveled to all the principal cities in the United States. She has come in contact with many other members of the class of nineteen sixty-five. She informed us that: Dr. Lattie Baker is now Governor of North Carolina. Mable Jenkins and Carolyn Heartly are key social workers in Chicago, Ill. Tura Tomlin is a professor of Education at Ohio University. Jacqueline Hanna, Sonja Higgs, and Mary Williams are teaching in the Education Department at Florida A & M. Everett Kelly is now the personal secretary to the President and Doris Williams is secretary for the First Lady. Lucy Hawes and Eleanor Harvey are professors of Education at the old "Alma Mater."

Dr. William Miles is practicing medicine in Los Angeles, California. Douglas Scarboro is head of the Science Department at A & T College in Greensboro, North Carolina. Barbara Lewis is head of the English Department there. Henrietta Johnson is now appearing as leading lady at the Metropolitan Opera Company. Dorothy Turner is professor of Mathematics at Howard University. Soon we were hungry, so we decided to have dinner together in the dining room. To our surprise, Charlie Howard was our waiter. He told us that Theodore Brown, Edward Chester, Noah Thorpe, Rufus Hart, and Creighton Incomenius are now playing professional football. They are married to their Saint Aug. sweethearts. He told us also that there would be a dance that night, featuring "Joe Cutchins" and his Combo.

Finally, we were walking upon the soil of Paris, France. We found great delight in exploring its many wonders. While shopping in a dress shop, we were surprised to find that one of the most attractive models was Cecilia Griffith. We learned from her that Lugenia Rochelle is a French teacher in the school system there.

Carolyn Jackson is the owner and operator of one of the chief modeling schools in France.

Dianne Harris is playing the leading role at one of the best theaters in Paris.

Herbert Silas is the top dance instructor in France.

Too soon, we sailed back to the States. Everyone enjoyed the trip. The wonderful experiences of "Gay Paree" will long remain with us. For a few of us, this trip will be remembered as a "dream come true." For we had a dream once, that members of the nineteen hundred sixty-five class of Saint Augustine's College would take their respective places on the stage of the world and play their parts well. They have done so.

DOROTHY M. SHERIDAN

Delta Sigma Theta Sorority was found in 1913 on the campus of Howard University as an organization whose aims would be something more serious than social activity. This sorority was established by twenty-two college women who visualized the development of a union of college women based

on certain cardinal principles and pledged to uphold certain lofty ideals.

The members of Gamma Rho Chapter like all other Deltas have for their ultimate goal public service. This service is carried out under the National Project known as Public Service Projects.

*Sigma*

Phi Beta Sigma Fraternity, Inc., was founded January 9, 1914 on the campus of Howard University, Washington, D.C. The motto of the fraternity is "Culture for Service and Service to Humanity." For the men of Sigma, this is more than a motto; it is a personal mode of living, in that all activities are undertaken with the idea of rendering service.

The three great ideals of Phi Beta Sigma are embodied in the philosophy — "Brotherhood, Scholarship, and Service." The realization of these ideals in their highest practical meaning has made and must continue to make Phi Beta Sigma a great and dynamic fraternity.

*STANDING:* Katie Williams, Mattie LaMarr, Mary Gibson, Evelyn Cummings. *SEATED:* Juanita Sneed, Mary Peebles, Cassie Plummer. Not Shown: Aurelia Jones, Mary Sue McClain.

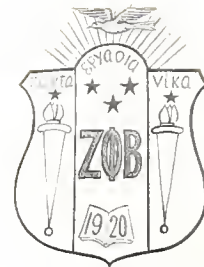

The Sigma Gamma Rho Sorority was founded in 1922 at Butler University, Indianapolis, Indiana. It is the collegiate sorority not founded at Howard University, Washington, D.C. This sorority has emphasis on the development of finer character, womanhood, scholarship and leadership. To implement its aims the sorority has undertaken many projects, such as the Leadership Training Program

and Teen-Town, supervised by superbly qualified persons.

The purpose of this sorority for women is expressed in its slogan, "Greater Service, Greater Progress." The Sigma Gamma Rho Sorority, because of its high ideals and achievements, has gained recognition; not only on the national scene, but also on the international level.
